WORD SEARCHES

Find the words listed in each word search. Words and phrases may appear right to left, left to right, vertically top to bottom or bottom to top, as well as diagonally top to bottom or bottom to top.

CRYPTOQUOTES

A X Y D L B A A X R is

LONG FELLOW

One letter stands for another. In this sample, A is used for three L's, X for the two O's, etc. Single letters, apostrophes, and length and formation of words are all hints.

CRYPTOQUIPS

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
